Mr. Fayaz Ahmad Dar

The Founder

Sagg Eco Village & Mool Sustainability Research and Training Center,
Watlar Wuder, Lar, Ganderbal, Kashmir - 191201.

Sub:- Letter of Appreciation/recommendation regarding conduct of Fieldwork for PG students of
Department of Social Work, October 20 – 26, 2021.

Dear Sir,

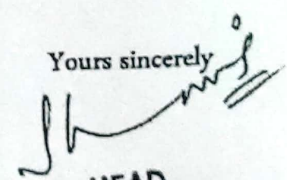

On behalf of the Department of Social Work, University of Kashmir, it gives me immense pleasure to put on record our appreciation for Sagg Eco Village (Sagg) and Mool Sustainability Research and Training Center (Mool), which facilitated residential fieldwork of 41 students from Masters of Social Work program (2nd semester) from 20th to 26th October 2021. The resourceful and professional approach of the whole Mool & Sagg team led by you has been phenomenal; the same has been greatly lauded by the students and faculty who were part of this residential fieldwork.

The week - long stay in Sagg Eco Village has been enriching and intellectually stimulating for the social work students. We hope that it would go a long way in their professional and academic life. The focus of Mool & Sagg on sustainability, regenerative lifestyles, local ecopreneurship, participatory education, and skills for life helped the students to engage with the community more critically and effectively during their fieldwork.

The residential fieldwork was a great learning and enriching experience for all of us. The department would like to recommend the programs and services of Mool and Sagg to organizations and institutions who are seeking to transform their approach and enrich their learning.

We wish more success to Mool and Sagg, and their team members.

Yours sincerely

Dr. Shazoor
